DETAILED ACTION

Claim Rejections - 35 USC § 112

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claim 1 recites the limitation "said calling-party-originated packets" in lines 11-12.

There is insufficient antecedent basis for this limitation in the claim.

3. Claim 2 recites the limitation "said destination address" in line 3. There is insufficient antecedent basis for this limitation in the claim.

Claim Rejections - 35 USC § 102

4. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) do not apply to the examination of this application as the application being examined was not (1) filed on or after November 29, 2000, or (2) voluntarily published under 35 U.S.C. 122(b). Therefore, this application is examined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

5. Claims 1, 2 are rejected under 35 U.S.C. 102(e) as being participated by Hamamoto et al (U.S Patent No 6,038,233).

Regarding claim 1, Hamamoto discloses a method for connecting a call between a calling party host 51 and a called party host 53 over a public network, figure 9, comprising, and col.7lines 55-60:

receiving over an access network packets originating from the calling party, each of said packets including an associated source address on the public network, the source address having a predetermined format, col.7lines 1-20,

translating the source address into a translated source address having the predetermined format, the source address translating being such that no portion of the source address can be determined from the translated source address, col.8 lines 10-20; and

sending the calling party originated packets to the called party, the calling party originated packets including the translated source address and not the source address, figure 1.

Regarding claim 2, Borella discloses a method, further comprising:

translating a destination address into a translated destination address having the predetermined format, the destination address translating being such that no portion of the destination address can be determined from the translated destination address, col.8 lines 10-30;

send the called party originated packets to the calling party, the called party originated packets including the translated destination address and not the destination address, figure 1.

Allowable Subject Matter

6. Claims 3-11, 23-29, 37-46 are allowed.

Conclusion

7. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
